President’s Message:

What a summer this has been - probably one of the warmest we have seen in many years and in many areas of the Province, one of the driest, creating great difficulties in maintaining sufficient pasture and harvesting any significant second cut hay.

For this President, it has also been a tremendously busy summer as I have relocated my farming operation from Vankleek Hill to Norwood. (What a chore!) But this time of the year is also very invigorating for many Blonde breeders whose passion is showing these great cattle. What a great way to promote your herd and your farm! Attending local fairs where our breed is shown is also a great opportunity to socialize with fellow Blonde breeders and see what is going on within the breed.

This is why we especially invite you to attend the Lindsay National Show and Sale. This event will showcase over 80 head of cattle coming from both Ontario and Quebec. Freight costs have made it impossible for our fellow breeders from the western provinces to participate. In any case, it is anticipated that this will be the largest Blonde show we have seen in a while!

Unfortunately, the Canadian National meeting will not be held in conjunction with any major activities the Ontario Association is sponsoring. Although the Ontario Board had proposed alternate events and dates the Canadian Board decided to go on its own and possibly for the first time a National meeting will not be hosted by a Provincial Association.

The good news is that Blonde stockers continue to top the sale prices in all Sale Barns in Ontario. This trend should continue and will make for a very interesting and rewarding fall for Blonde Breeders.

Once again, please join us at the Lindsay fair and help make this a visible, active, and successful Association. Marcel Lachance

Paris Hilton, our 005 Raffle Heifer, made an appearance at the Hastings Plowing Match in August. Ticket sales went well, with approximately 19 books of tickets sold at the Match. The OBdAA asks members to continue to sell raffle tickets until November 15, at which time unsold tickets, stubs with remittance cheques should be sent to the Secretary/Treasurer. (Please do NOT send cash in the mail!)

To provide educational information in order to assist Blonde breeders in all aspects of the seed stock industry.

To promote the Blonde d’Aquitaine breed and the members of the Ontario Blonde d'Aquitaine Association.
Annual OBdAA Picnic:

By Ilse Vink

A good time was had by all at this year’s OBdAA Picnic, hosted by Ken Knox, and Ian & Jenny Kruis. The weather cooperated beautifully, by raining enough to get the farmers off the fields and to the picnic, but not enough to spoil the fun. By the end of the day we even saw sunshine. About 50 people were on hand to enjoy the food, fun and activities planned by the K(nox) & K(ruis) gang. We enjoyed Blonde burgers and a potluck of salads and desserts for lunch. We toured the farm and found a large assortment of friendly animals. Some even joined us on the lawn. (Yes, that’s Sheila, but NO, that’s not Dave!)

A haywagon ride to Ian and Jenny’s “back-forty getaway,” (a lovely old log home, in the process of restoration and renovation by the Kruis’), was the highlight of my day. And, if I could have had all six Vinks in one place at one time, we could even have had our family portrait done, but that proved to be too great a challenge on this busy day.

A fundraising auction brought forth an interesting assortment of donations, including Leonard the turkey, and raised $800 for the Association!

Thanks Ken, Jenny, and Ian, for your hard work to make this year’s OBdAA picnic a wonderful time!

Blonde Semen from France:
Many breeders across the province are interested in Blonde semen from France, to introduce new bloodlines into their herd. The most economical way to accomplish this is to buy a membership to the Quebec Association, which entitles one to buy French semen at reduced rates.
